

## CITGO TRANSGARD® ATF, MERCON® V

---

Date 04/18

- DESCRIPTION:** CITGO TRANSGARD ATF, MERCON V is an advanced extended life automatic transmission fluid designed for Ford transmissions and transaxles. This product may also be used in automatic transmission units that require a fluid qualified against the Ford MERCON specification.
- QUALITIES:** Compared with today's multipurpose ATFs, CITGO TRANSGARD ATF, MERCON V offers superior cold temperature performance, boosted oxidation resistance, extended seal compatibility and improved wear protection. The fluid is very shear resistant, allowing it to maintain its in-service viscosity much better than other ATFs. In addition, this product exhibits superior frictional durability and anti-shudder performance. Fortified against rust, corrosion and foaming. Dyed red for easy identification. Consult owners manual for Fluid Specification.
- APPLICATIONS:** CITGO TRANSGARD ATF, MERCON V is recommended for use in all applications requiring MERCON V, MERCON, DEXRON®, ALLISON C-4 and JASO 1A. It is also formulated for use in most Toyota, Nissan, Honda and other imported vehicles. This product is an excellent choice for transmissions used in severe service, including passenger car and bus fleets as well as towing applications, and is designed to exhibit extended life compared with conventional multipurpose ATFs.
